4s Fe Engine Timing Belt

The 4S engine differs from the 1S. It has a new 16 valve cylinder head. It is similar to that one, which goes with the 3S. Engine is equipped with timing belt. Replacement of the belt is necessary every 60,000 miles (100,000 km) of mileage. If it is not done, belt break down can result in bended 4S valves. The S series also includes 3S and 5S.
