Recently purchased an 07 S4Rt and freakin love it. Except for one little issue. After warming up the beast I take off and as I accelerate the check engine light comes on. Left off the throttle and it goes off again. Accelerate onto the freeway and it will again come on but this time it will stay...

### **check engine light | PNW Riders - The Motorcycle Community ...**

It's an unfortunate reality that the dealer can't switch off the service light until the pre-programmed mileage has been reached. It's a good idea to not have anything done on the bike until this mileage has been done, to avoid having to revisit the dealer to have the light switched off once the specified mileage has been done.
