Give Food a Chance: A New View on Childhood Eating ...

Give Food a Chance - now is a second, revised edition - is a clinical guide to the treatment of eating disorders in children. Compiled from more than a decade of clinical experience treating eating disorders in children, Dr. O'Toole and her multidisciplinary team at Kartini Clinic's family-based Day Treatment program take a critical look at past and current eating disorder treatment philosophies, rejecting discredited theories that claim such disorders are caused by poor parenting, issues of ...

Give Food A Chance - Kartini Clinic

Give food a chance arises from the clinical experience of Dr Julie O'Toole, MD, MPH over more than a decade of treatment for eating disorders in children and young adults. Dr O'Toole rejects former theories that claim such disorders are caused by poor parenting, issues of control, rejection of adulthood, or society's oppression of women.

There are books one recommends to strangers, and those one presses on friends. I will be showing 'Give Food a Chance' to my friends and enemies alike, and I look forward to the discussion it will initiate. O'Toole presents a conflict for all of us: We can either remain stuck in old and ineffective ideas or have the courage to reject them.
