Gartner: Collaborative Work Management in the New Work ...
Essentially, workplace management is the oversight and optimization of the physical environment in an office, whether you are a manager or an employee on his/her first day. While business management has to do with the actual work that takes place in the office, workplace management has to do with the venue in which that work takes place.

What is Workplace Management?
New - Nearly 70 new or substantially revised figures with 66 annotated model documents, 27 examples of mobile communication in business communication, and 25 examples of social media have been added. Developing Management Skills, 8th Edition - Pearson
A big part of change management is helping employees understand that workplace change is part of an organization's overall business decision process. It does not signify a devaluation of employees. Rather, workplace change is an aspect of business strategy designed to achieve evolving business goals.

Managing Workplace Change - Knoll
Companies can also track employees' whereabouts in the office. Bluvision makes radio badges that track movement of people or objects in a building, and display it in an app and send an alert if a badge wearer violates a policy set by the customer—say, when a person without proper credentials enters a sensitive area.
