## **Musical Form And Analysis**

Musical Form and Analysis, highly regarded and widely used for two decades, provides a balanced theoretical and philosophical approach that helps upper-level undergraduate music majors understand the structures and constructions of major musical forms. Spring and Hutcheson present all of the standard topics expected in such a text, but their approach offers a unique conceptual thrust that takes readers beyond mere analytical terminology and facts.

Definition of Musical Sections. You hear form all the time. Think of your favorite song. Typically, the song has three sections: a chorus (or refrain), which sums up the song's topic and is repeated at times throughout the song; two or three verses, which explain or expand on the topic of the chorus; and a bridge,...
