The Audio Pro Home Recording Course (a comprehensive multimedia audio recording text) excelled in showing basics like mike placement augmented with audio clips that let you hear what the text wrote about. It started off too basic, then built to great interest, then faded fast with too much that was too basic and too little that was important.

The course had everything I needed and more. This is my fourth course from Pro Audio Exp. One of the many things that keeps me coming back is that, by the end of each course, all my questions are answered. With the use of concrete examples and real life analogies David is able to communicate vocal recording concepts with ease.
